Notes: All SAT scores are reported on the recentered score scale (1995). United States and North Carolina totals include both public and non-public school students. Percent tested is calculated as the number of students taking the SAT I divided by the eighth month, twelfth grade membership. The asterisk symbol (*) indicates fewer than five test takers. Blank means the school did not participate in the SAT during that year. School totals might not equal county totals in past and current years due to schools not participating in the SAT or counts lower than five not being reported. ¹Critical Reading was Verbal in previous reports. ²Sub-Total Score=Math+Critical Reading. ³The Writing tests were administered for the first time in March 2005 and writing results are presented for the first time in this report. ⁴Grand Total Score=Math+Critical Reading+Writing.
